

Kids' Korner

Leaf Scavenger Hunt

Summer is the time when the trees grow their leaves. Every tree's leaves have their own unique shape, and you can tell what tree the leaf comes from by how it looks. Look around as you spend time outside this summer. Can you find each kind of leaf and identify the tree it comes from? Have your family take pictures and send them to us to be featured in the Buzz!

HICKORY

Lines and Boxes

Take turns with a partner drawing one line at a time between two adjacent dots, either vertically or horizontally. When a player completes a box, they get to claim it by writing their initial inside and take another turn. Keep playing until all boxes are filled. The player with the most claimed boxes at the end wins.
